Opening New Doors of Hope

A Home Away from Home

Gilda's Style Community Hub, Living Room or Resource Room

“A home away from home” that is how Gilda’s is often described by our members. Imagine other community locations where those facing cancer can have that same feeling while getting the services, they need just down the hall from where they get their care or at a place closer to home in their neighborhood

Goal: 2-3 community hub locations by 2020

A community hub would welcome patients and families, offer support and programs and provide a library of up to date resources and information.

Where: Cancer Centers, YMCA’s, medical practices and other accessible community spaces.

Full Naming Rights: \$25,000

Partner Naming Rights: \$10,000

Supporter: \$ 5,000
